

NodeDen

IT Repair ja Refurbishment

Warranty

Warranty for Repair Services

NodeDen provides a 3-month warranty on repair work performed, starting from the date the device is returned to the client. The warranty covers only the specific repair or replaced part performed by NodeDen and applies solely to defects directly caused by improper workmanship or faulty replacement parts supplied by NodeDen.

The warranty does not cover:

- Pre-existing faults or hidden defects not related to the performed repair
- New faults appearing after the repair
- Damage caused by normal wear and tear
- Damage caused by liquid, impact, power surges, overheating, or improper use
- Software issues, operating system problems, or data loss unless explicitly agreed in writing
- Third-party or customer-supplied parts

If a defect covered by this warranty is confirmed, NodeDen will, at its discretion, re-repair the device or replace the faulty part. No other compensation is provided.

Warranty for Refurbished Devices:

Refurbished or used devices sold by NodeDen include a 12-month limited warranty, unless stated otherwise in writing. The warranty covers hardware defects that were present at the time of sale and were not disclosed to the customer.

The warranty does not cover:

- Normal wear and cosmetic defects

- Batteries and consumable parts (unless otherwise stated)
- Damage caused by misuse, liquid, impact, overheating, or electrical issues)
- Software issues, operating system errors, viruses, or data loss
- Modifications or repairs performed by third parties

In the event of a valid warranty claim, NodeDen may repair, replace, or refund the device, depending on the nature of the fault.

Limitation of Liability

NodeDen is not responsible for data loss under any circumstances. NodeDen is not liable for indirect damages, loss of income, loss of business, or any consequential damages. NodeDen's total liability is limited to the amount paid for the specific service or device.
